

As a teacher who has been teaching for over 30 years I want to make my voice heard on the importance of diversifying not consolidating the media. We need to be in touch with our local voices, we need to hear from many different viewpoints so that we can truly learn about new ideas. Our country is rich in ideas and opportunities. That is where our power is, not in bland uniformity. Keep our speech truly free and preserve our democracy.
Thank you,
Erika Chaine
